OUR MISSION STATEMENT

Daylesford Abbey exists to enrich the church by our Norbertine *communio*, nourished by *contemplation* on God's Word made visible in *worship* and *service* within the local church.

OUR WAY OF LIFE IS MARKED BY...

a lifelong seeking after God through fraternal community, a never-ending conversion by giving ourselves to the church of our profession in communion with the self-emptying of Christ, in imitation of Mary pondering God's Word, and in ceaseless prayer and service at the altar.

Life in the Risen Lord: Finding Joy, Hope and Ourselves in the Easter Story — Rev. Jim McBurney, OSA, Abbey Spiritual Director Saturday, May 6 9:30 am – 2:30 pm Offering \$30 (includes lunch)

We are invited in the season of Easter to reflect on the joy, hope & promise of the Resurrection & to remember how the risen Lord has been present & walked with us in the challenges, opportunities, & stories of our lives. Each of us has a story. How do our stories connect with the Easter story? Jesus has promised us abundant life. How do these words invite us to explore our relationship with God & neighbor in a more life-giving way? Drawing on scripture & the thoughts of Fr. Ron Rolheiser, OMI, offered in The Holy Longing, we will gain insight into what it means to live life in the risen Lord. Two conferences will be offered with time provided for quiet reflection, sharing & questions.

"Teilhard, Jung, & Berry: Integrating Spirit, Psyche, and Earth" With Andrew Del Rossi, Th.D.

Saturday, May 20, 2023 10 am – 2:30 pm (includes lunch) Offering: \$30

Teilhard's mystic vision opened his eyes to the intricately interconnected & interdependent structure of the world & its evolution toward higher consciousness. With Teilhard, "to be" is to be in relationship...with one's self, others, the world & with God.

In an age where political division, ideological binaries, and the religiosity of scientism dominate discourse, there is a storehouse of integral wisdom found in the scientific and spiritual teachings of Teilhard de Chardin — within his insights on the psyche as explored through Jungian psychoanalysis and in the ecological wisdom of "geologist" Thomas Berry. Recognition of the Earth as "Our Common Home," a term used by Pope Francis, is a call to transcend the binaries and unite in a shared vision.

This interactive workshop will explore the relationship between Spirit, Psyche, and Earth — and how cultivating deeper, conscious relationships provides hope and inspires a vision of the future, aflame with the creativity and potential of the Divine.

From The Outreach Committee:

Because of your very generous contributions, we were able to send a check for \$6500 to Bethesda Project as well as provide Easter meals for 75 migrant families.

We are grateful and humbled by your generosity. May the Lord Bless
